

Finding a Network Vision Provider

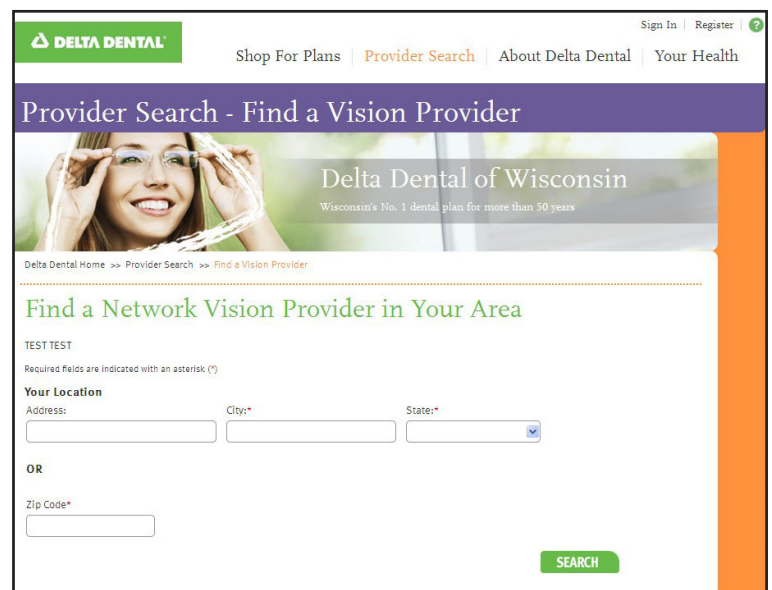

We're proud to work with EyeMed® Vision Care as the network provider for Delta Dental members who are enrolled in either a DeltaVision® plan or in Delta Dental's vision discount program.

The EyeMed® Access and Select networks supporting our members are among the nation's largest provider networks, featuring:

- 1,300 EyeMed® access points in Wisconsin.
- 53,000+ EyeMed® access points nationwide.
- Popular retail chains: LensCrafters®, Pearle Vision®, JCPenney Optical®, Sears Optical®, Target Optical®, Shopko® Optical Centers, and others.

On the Web

1. Go to www.deltadentalwi.com and click the "Provider Search" tab and "Find A Vision Provider" in the drop-down box. Enter your address, city, and state or ZIP code.
2. Provider listings will appear, sorted by distance and with network affiliation (EyeMed Access or Select) noted. You can then specify EyeMed Access or Select providers, and narrow or expand your search radius.
3. Additional search criteria let you search for providers by their last name, office name, specialty, gender, language spoken, and hours of operation.
4. Your search results can be sorted by name, contact information and driving distance. This list can be printed, emailed, or saved as a PDF.

By Phone

You can also receive provider information by calling EyeMed at **866-246-9041**.

DeltaVision is administered by Wyssta Insurance, a Delta Dental of Wisconsin company, in conjunction with EyeMed Vision Care.
