

# Save more money with a dental plan from Delta Dental!

We'll help you keep more money in your pocket ... something everyone can appreciate! See below how much you'd pay without dental insurance for some typical dental services ... and how much you can save on out-of-pocket costs with our comprehensive dental plan.

Service	Typical cost without dental insurance*	Value of Benefit**	Savings***
Adult checkup (cleaning, exam, and bitewings, no fluoride application)	\$186	100%	\$186
Child checkup (cleaning and fluoride application, exam, and bitewings)	\$197	100%	\$197
Full series X-rays	\$98	100%	\$98
Filling (adult, three surfaces)	\$126	80%	\$100.80
Full crown	\$814	50%	\$407
Root canal (molar)	\$787	50%	\$393.50

\* Costs represent typical dental fees charged in the state of Wisconsin, from healthcarebluebook.com. Fees may vary by location and dentist.

\*\* Plan design shown has 100/80/50 coverage.

\*\*\* Savings shown reflect amount paid after deductible has been met. The plan will pay for all services up to your annual maximum.
